

Major Shipment to Spain and Portugal

We recently completed our first major shipment to our new distributors in Spain and Portugal.

This shipment not only strengthens Sensei's distribution network across Europe, but also contributes to the rapid establishment of operational alignment with our new partners. Thanks to the smooth logistics process, both sales and after-sales services in the region will be delivered more efficiently.

Looking ahead, Sensei will continue to reinforce its presence in Europe with similar strategic shipments.

Join Sensei at HOW 2025

Preparations are now complete for our participation in HOW – Hub of Warehouse: Next Generation Warehouse Systems and Intralogistics Fair 2025, which will take place at the Istanbul Expo Center on 18–20 September.

As the first event of its kind in Türkiye, this fair will open the door to new business partnerships for both exhibitors and visitors, while also helping to shape the future of the sector.

As Sensei, we are excited to be taking part in this significant event and look forward to welcoming visitors to our stand and showcasing our high-quality spare parts and solutions for the warehouse and intralogistics industry.
