

Shipment in Progress!

As Sensei, we continue to provide reliable and fast shipping to destinations all around the world!

With our mission to offer the highest quality service to our customers, we are expanding our logistics network every day to reach more locations. Kicking off February with strength, we have successfully completed a major shipment to the U.S.

In the coming period, we will continue to expand our logistics network with new shipments while maintaining the highest service standards.

Bauma Munich Preparations Continue!

We will be attending Bauma Munich which will be held in Germany from April 7-13, with two different locations: our main stand at EWE 29/2 and our promotion point in the corridor connecting the A3 and A4 halls. We look forward to meeting you there!

First Event of the Year: Bosphorus Boat Show | On Land

We participated in the Bosphorus Boat Show |On Land , held from February 15-22, and showcased our Sensei products.

Throughout the event, we provided detailed information about our products and solutions to valuable visitors from Türkiye and around the world, while taking strong steps toward new partnerships!

Meet Our Spare Parts Operations Team

Şeref Yaşar - Spare Parts Operations Manager

With professionalism in warehouse management and logistics operations, along with expertise in process optimization and cost reduction, he contributes to our company's efficiency goals and drives significant growth in both local and international projects.

Ersin Özdemir - Warehouse Supervisor

As a professional specialized in warehouse management and logistics, he successfully oversees every stage of the spare parts supply chain. He delivers innovative solutions to maximize customer satisfaction. With his expertise in team coordination, he aims to enhance operational efficiency.

Mazlum Ebrem - Warehouse Supervisor

By meticulously monitoring material flow and inventory management within the warehouse, he ensures flawless execution of logistics processes. He develops strategies to enhance quality, aiming to improve operational efficiency and maximize customer satisfaction.

Engin Karataş - Warehouse Staff

By ensuring the accurate and timely execution of spare parts inbound and outbound processes, he provides quick responses to spare parts requests. He ensures that products in the warehouse are stored in an organized and secure manner and that the shipments are carried out flawlessly.

Hamza Akbaba - Warehouse Support Staff

He takes the necessary steps to ensure that operational activities within the warehouse are carried out accurately and efficiently. He actively works on improving processes and maintaining continuity.
