Our Meeting Point in September: Automechanika Frankfurt

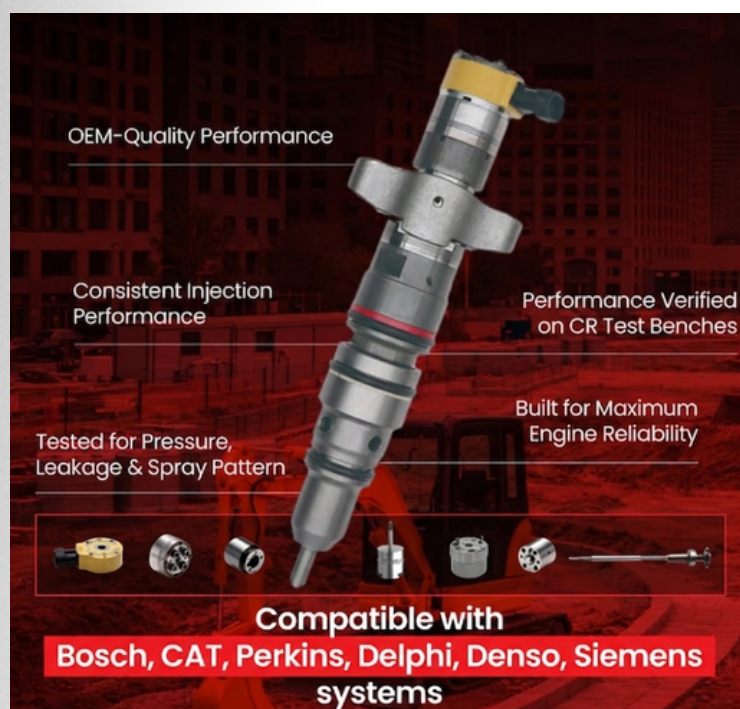

As the Sensei team, we are getting ready for **Automechanika Frankfurt**, one of the world's largest meeting points for the automotive aftermarket and services industry. Taking place from **8-12th of September 2026**, this global platform will bring together 4,200 exhibitors from 80 countries and 108,000 visitors from 172 countries, and we will be proud to take part.

At our booth, we will showcase our extensive product portfolio reflecting our expertise in **Yanmar and Kubota** engine spare parts, along with our Common Rail injector and injector spare parts range, fully compatible with **Bosch, CAT, Perkins, Delphi, Denso, and Siemens** systems.

We look forward to welcoming you at **Hall 1.1, Booth L232**, and introducing our products and solutions in person. See you in Frankfurt!

From Machinery Expertise to Automotive Solutions: Meet Sensei Common Rail

With our long-standing experience in the spare parts industry, Sensei has expanded its portfolio with **Common Rail injectors and spare part solutions**, bringing its expertise in diesel engine spare parts into the automotive aftermarket. Alongside our established expertise in construction machinery and diesel engines, our Common Rail products manufactured to automotive standards are now serving the automotive sector.

The portfolio includes Common Rail injectors and injector spare parts fully compatible with **Bosch, CAT, Denso, Delphi, Siemens and Perkins** systems. With our growing product range, we offer reliable and comprehensive aftermarket solutions for different applications.

Our experience in the sector and growing Common Rail portfolio have already begun to demonstrate our expertise in this field, combining our established spare parts knowledge with the needs of the market.

Stay up to date with the latest news from Sensei!
