

## Sensei Common Rail Website: Now Live ((•))

Explore our new dedicated platform for Common Rail solutions compatible with Bosch, CAT, Delphi, and Denso systems.

Visit the site today to browse our exclusive range of Common Rail parts, access detailed technical data with ease, and connect with our expert team for professional support.

## Countdown to Bosphorus Boat Show

As one of the maritime sector's key meeting points, the Bosphorus Boat Show | Land Fair returns to unite industry experts. Join us with Çözüm Marine at the Istanbul Expo Center between February 21–28.

At the fair, we will showcase Sensei Spare Parts' fully compatible solutions developed specifically for Yanmar and Kubota marine engines. With our extensive product range tailored for the maritime sector, we offer visitors the opportunity to closely examine our solutions suited for the needs of various engine models.

## Çözüm Makina Welcomes 2026

To mark the arrival of 2026, we organized a dinner bringing the entire Çözüm Makina team together. This event served as a valuable occasion to welcome the new year while reflecting on and celebrating the hard work and success we achieved as a team in 2025. Here's to another year filled with continued growth, collaboration, and success for the entire Çözüm Makina family.
